

Dana Drew

Director

Detroit Chapter 183

As the Marketing Director at Lee Industrial Contracting, Dana Drew brings over two decades of experience across various sectors. Her background encompassed work in the automotive, construction, health care and non-profit industries. Dana is skilled at crafting strategic initiatives that amplify brands and the value they provide.

Beyond her professional accomplishments, Dana is dedicated to advancing equity initiatives in her community. This commitment is evident through her volunteer work with the Baldwin Society Supporting Older Adults over the last four years. Dana assists the non-profit by leveraging her marketing skills to make a positive impact on the lives of seniors across the state of Michigan. She previously volunteered for and served on the board of directors for Streetwise Detroit, an organization dedicated to advancing economic equity by connecting underrepresented talent to mentorship and career opportunities.

Dana enjoys traveling to new places and has lived in England, Germany and several states within the U.S. Despite not having grown up in Michigan, it has become her chosen home and it holds a very special place in her heart.

Being new to the board in 2023, Dana looks forward to developing strong partnerships and networks that will help inspire and support the next generation of female leaders in the construction industry.
